(a) The right of the Association, in accordance with its Articles and By-Laws, to borrow money for the purpose of improving the Common Properties and in aid thereof to mortgage said properties. In the event of a default upon any such mortgage the lender shall have a right, after taking possession of such properties, to charge admission and other fees as a condition to continued enjoyment by the Members and, if necessary, to open the enjoyment of such properties to a wider public until the mortgage debt is satisfied whereupon the possession of such properties shall be returned to the Association and all rights of the Members hereunder shall be fully restored; and,

Section 1. Creation of the Lien and Personal Obligation of Assessments. Each Owner of any site, by acceptance of the deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, be deemed to covenant and agree to pay to the Association: 1) annual assessments of charges; and 2) special assessments for capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and costs of collection thereof as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest thereon and cost of collection thereof as hereinafter provided, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the residents in The Properties and in particular for the improvement and maintenance of properties, services and facilities devoted to the purpose and related to the use and enjoyment of the Common Properties and of the homes situated upon the Properties, including, but not limited to

operation and maintenance of recreation parks, pond area, street lights, playgrounds, streets, roads, easements and roadways, the payment of taxes and insurance thereon, and repair, replacement and additions thereto, and for the cost of labor, equipment, materials, management and supervision thereof.

Section 3. Basis and Maximum of Annual Assessments. The annual assessment shall be not more than One Hundred Fifty (\$150.00) Dollars per site. Changes in the annual assessment shall be voted on at a Special Meeting held in December.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized by Section 3 hereof, the Association may levy in any assessment year a special assessment, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction or capital improvement upon the Common Properties, including the necessary fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of Members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Section 5. Change in Basis and Maximum Amount of Annual Assessments. Subject to the limitations of Section 3 hereof, and for the periods therein specified, the Association may change the maximum amount and basis if the assessments fixed by Section 3 hereof prospectively for any such period provided that any such change shall have the assent of the majority of a quorum of Members present in person or by proxy, at a meeting duly called for this purpose, written notice of which shall be sent to all Members at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Section 6. Quorum for any Action Authorized Under Sections 3 and 5. The quorum required for any action authorized by Sections 3 and 5 hereof shall be as follows:

At the first meeting called, as provided in Sections 4 and 5 hereof, the presence at

the meeting of Members, or of proxies entitled to cast ten (10) percent of all the votes of the membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in Sections 4 and 5, and the required quorum at any such subsequent meeting shall be one-half (½) of the required quorum at the preceding meeting, provided that no such subsequent meeting shall be held more than thirty (30) days following the preceding meeting.

Section 7. Date of Commence of Annual Assessments. Due Dates. The annual assessments provided for herein shall commence on the date (which shall be the first day of a month) fixed by the Board of Directors of the Association to be the date of commencement. No assessment shall be due until all promised improvements have been completed and Warranty Deeds issued.

The first annual assessments shall be made for the balance of the calendar year and shall become due and payable on the day fixed for commencement. The assessments for any year, after the first year, shall become due and payable on the first day of April of said year.

The amount of the annual assessment which may be levied for the balance remaining in the first year of assessment shall be an amount which bears the same relationship to the annual assessment provided for in Section 3 hereof as the remaining number of months in that year bear to twelve. The same reduction in the amount of the assessment shall apply to the first assessment levied against any property which is hereafter added to the properties now subject to assessment at a time other than the beginning of any assessment period.

The due date of any special assessment under Section 4 hereof shall be fixed in the resolution authorizing such assessment.

Section 8. Duties of the Board of Directors. The Board shall fix the date of the commencement, the amount of the assessment against each site, for each assessment period at least thirty (30) days in advance of such date or period and shall, at that time, prepare a roster of

the properties and assessments applicable thereto which shall be kept by the Association and shall be open to inspection by any Owner. Written notice of the assessment thereupon shall be sent to every Owner subject thereto.

The Association shall, upon demand, furnish at any time to any Owner liable for said assessment, a letter signed by an officer of the Association, setting forth whether said assessment has been paid. Such letter shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 9. Effect of Non-Payment of Assessment: The Personal Obligation of the Owner: The Lien, Remedies of Association. If the assessments are not paid on the date when due (being the dates specified in Section 7 hereof), then such assessment shall become delinquent and shall, together with such interest thereon and cost of collection thereof, as hereinafter provided, thereupon become a continuing lien on the property which shall bind such property in the hands of the then Owner, his heirs, devisees, personal representatives and assigns. The personal obligations of the then Owner to pay such assessment, however, shall remain his personal obligation for the statutory period and shall not pass to his successors in title unless expressly assumed by them.

If the assessment is not paid within thirty (30) days after the delinquency date, the assessment shall bear interest from the date of delinquency at the rate of ten (10) percent per annum, and the Association may bring an action at law against the Owner personally obligated to pay the same or to foreclose the lien against the property, and there shall be added to the amount of such assessment the cost of such action. In the event a judgment is obtained, such judgment shall include interest on the assessment as above provided and a reasonable attorney's fee to be fixed by the Court, together with the costs of the action.

Section 10. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be absolutely subordinate to the lien of any first mortgage now or

hereinafter placed upon the properties subject to assessment. This subordination shall not relieve such property from liability for any assessments now or hereafter due and payable, but the lien thereby created shall be secondary and subordinate to any first mortgage as if said lien were a second mortgage, irrespective of when such first mortgage was executed and recorded.

Sale or transfer of any site or lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to the payments which become due prior to such sale or transfer. No sale or transfer shall relieve such site or lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 11. Exempt Property. The following property subject to this Declaration shall be exempted from the assessments, charges, and liens created herein: (a) all properties to the extent of any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use; (b) all Common Properties as defined in Article II hereof; (c) all properties exempted from taxation by the laws of the state of Florida, upon the terms and to the extent of such legal exemption.

Notwithstanding any provisions herein, no land or improvements devoted to dwelling use shall be exempt from said assessments, charges or liens.

ARTICLE XIV EXTERIOR MAINTENANCE

Section 1. Exterior Maintenance. In addition to maintenance upon the Common Properties, in the event an Owner of any site in the Properties shall fail to maintain the premises and the improvements located thereon in a manner satisfactory to the Board of Directors, the Association, after approval by two-thirds (2/3) vote, shall have the right, through its agents and employees, to provide maintenance upon every improved site which is subject to assessment under Article VI hereof. Such maintenance may include paint, repair, replace and care of roofs,

gutters, downspouts, exterior building surfaces, mowing of grass and weeds, the trimming of shrubs, the removal of trash and litter, and other exterior improvements. Such maintenance as to a vacant site may include the mowing of grass and weeds, the trimming of shrubs, or the removal of trash and litter.

Section 2. Assessment of Costs. The cost of such maintenance shall be assessed against the site upon which such maintenance is done and shall be added to and become part of the annual maintenance assessments or charge to which such site is subject under Article XXIV hereof and as part of such annual assessment or charge, it shall be a lien against said property as heretofore defined and limited, and a personal obligation to the Owner, as heretofore limited, and shall become due and payable in all respects as provided in Article XXIV hereof.

ARTICLE XXVI PARTY WALLS

Section 1. General Rule of Law to Apply. Each wall which is built as a part of the original construction of the homes upon the Properties which is part of another dwelling unit, shall constitute a party wall, and, to the extent not inconsistent with the provisions of this Article, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto.

Section 2. Sharing of Repair and Maintenance. The costs of reasonable repair and maintenance of a party wall shall be shared by the Owners who make use of the wall in proportion to such use.

Section 3. Destruction by Fire or Other Casualty. If a party wall is destroyed or damaged by fire or other casualty, any Owner who has used the wall may restore it, and if the other Owners thereafter make use of the wall, they shall contribute to the cost of restoration thereof in proportion to such use without prejudice, however, to the right of any such Owners to

call for a larger contribution from the others under an rule or law regarding liability for negligent or willful acts or omissions.

Section 4. Weatherproofing. Notwithstanding any other provision of this Article, an Owner who by his negligent or willful act causes the party wall to be exposed to the elements shall bear the whole cost of furnishing the necessary protection against such elements.

Section 5. Right to Contribution Runs with Land. The right of any Owner to contribution from any other Owner under this Article shall be appurtenant to the land and shall pass to such Owners' successors in title.

Section 6. Arbitration. In the event of any dispute arising concerning a party wall, or under the provisions of this Article, each party shall choose one arbitrator, and such arbitrators shall choose one additional arbitrator, and the decision shall be by a majority or all the arbitrators.
